

## **Emergency Resources**

If there were to be a disaster (natural or otherwise) or a public health emergency, you might be in need of special assistance. You would need to be notified promptly and effectively of an event that could affect your safety; you might need assistance to receive health services being offered to the community, or possibly, to evacuate if necessary.

We suggest that you call your local health department to let them know who you are, where you are, how to reach you, and what assistance you might need. Be prepared - call now and register, before a disaster occurs!

Office of Statewide Emergency Telecommunications 9-1-1 Special Needs Form (Reprinted with the cooperation of the Department of Public Safety): If you want the 9-1-1 operator and emergency response staff, (that is the police department, fire department, or emergency medical staff) to know that you, or someone living in your household, has a medical condition or disability, complete and mail the link below (911 Special Needs Form). The mailing address is on the link.
